Improved knowledge and attitude change among 379 adolescent girls and young women (AGYW) and 80 orphans and vulnerable children (OVC) through trainings and workshops on components of sexual and reproductive health rights.

Nurtured talent through 15 soccer clinics that reached over 1,500 AGYW in Kisumu and Homa Bay counties.

Trained over 250 elders, widows, community based organisations, pro bono members, and duty bearers on linkages between property rights, sexual and reproductive health and HIV, and reporting mechanisms of sexual violations.

Conducted sensitisation and intergenerational dialogues to break barriers on culturally inhibited topics such as SRHR in order open communication channels among AGYW, parents, elders and key decision makers like judges and 100 legislators and over 600 members of the community in Homa Bay and Kisumu counties.

Facilitated access to information to 1,695 AGYW registered under the DREAMS SMS hotline while strengthening reporting mechanisms of sexual violations.

Engaged key duty bearers and stakeholders including 60 court users’ committee members (CUC), 26 pro bono lawyers, over 100 legislators, county executive members and activists in dialogue to break barriers and facilitate access to justice for AGYW.

Improved knowledge and attitude change among 379 adolescent girls and young women (AGYW) and 80 orphans and vulnerable children (OVC) through trainings and workshops on components of sexual and reproductive health rights.

Facilitated access to justice and medical care to 1,500 members of the community through a medico-legal clinic held in Kisumu County.
